B.1	Legal and commercial name of the Issuer	BNP Paribas Fortis Funding (" BP2F " or the " Issuer ").
B.2	Domicile/ legal form/ legislation/ country of incorporation	The Issuer was incorporated as a <i>société anonyme</i> under the laws of the Grand Duchy of Luxembourg having its registered office at 67, boulevard Grande-Duchesse Charlotte, L-1331 Luxembourg, Grand Duchy of Luxembourg. BP2F is expecting to move its registered and principal office to rue Eugène Ruppert 19, L-2453 Luxembourg by the end of June 2014.
B.4b	Trend information	<p><i>Macro-economic environment</i></p> <p>Market and macroeconomic conditions affect BP2F's results. The nature of BP2F's business makes it particularly sensitive to market and macroeconomic conditions in Europe, which have been difficult and volatile in recent years.</p> <p>In 2013, the global economy began to move towards equilibrium, with several emerging countries slowing down and a slight recovery in the developed countries. In 2013, global economic conditions remained generally stable as compared to 2012. IMF and OECD economic forecasts¹ for 2014 generally indicate a renewal of moderate growth in developed economies albeit less strong and uniform in the Euro-Zone. Their analysts consider that uncertainties remain regarding the strength of the recovery, particularly in light of the U. S. Federal Reserve's announcement in December 2013 that it would gradually reduce ("taper") its stimulus program, and in the Euro-zone, where a risk of deflation exists.</p> <p>Within the Euro-zone, sovereign credit spreads continued to decrease in 2013 following the decrease recorded in 2012 from the previous historically high levels. The financial condition of certain sovereigns has markedly improved but there remains uncertainty as to the solvency of some others.</p>
B.5	Description of the Group	BNP Paribas Fortis Funding is a subsidiary of BNP Paribas Fortis SA/NV and acts as a financing vehicle for BNP Paribas Fortis SA/NV and the companies controlled by BNP Paribas Fortis SA/NV. BNP Paribas Fortis SA/NV is in turn a subsidiary of BNP Paribas which is the ultimate holding company of a group of companies and manages financial operations for those subsidiary companies (together the " BNPP Group ").
B.9	Profit forecast or estimate	The Group's 2014-2016 business development plan confirms the universal bank business model centred on its three pillars: Retail Banking, CIB and Investment Solutions. The goal of the 2014-2016 business development plan is to support clients in a changing environment. It targets a return on equity of at least 10% by 2016.

There has been no material adverse change in the prospects of the BNPP Group since 31 December 2013 (being the end of the last financial period for which audited financial statements have been published).</p> <p><i>Paris, 30 June 2014</i></p> <p><i>BNP Paribas announces a comprehensive settlement regarding the review of certain USD transactions by US authorities</i></p> <p><i>BNP Paribas today announced a comprehensive settlement of the pending investigation relating to US dollar transactions involving parties subject to US sanctions, including agreements with the U.S. Department of Justice, U.S. Attorney's Office for the Southern District of New York, the New York County District Attorney's Office, the Board of Governors of the U.S. Federal Reserve System (FED), the New York State Department of Financial Services (DFS), and the US Department of the Treasury's Office of Foreign Assets Control (OFAC).</i></p> <p><i>The settlement includes guilty pleas entered into by BNP Paribas SA in relation to violations of certain US laws and regulations regarding economic sanctions against certain countries and related recordkeeping. BNP Paribas also agrees to pay a total of USD 8.97 billion (Euros 6.6 billion). Beyond what has already been provisioned, this will result in an exceptional charge of Euros 5.8 billion to be booked in the second quarter of 2014. BNP Paribas also accepts a temporary suspension of one year starting 1st January 2015 of the USD direct clearing focused mainly on the Oil & Gas Energy & Commodity Finance business line in certain locations.</i></p> <p><i>BNP Paribas has worked with the US authorities to resolve these issues and the resolution of these matters was coordinated by its home regulator (Autorité de Contrôle Prudentiel et de Résolution - ACPR) with its lead regulators. BNP Paribas will maintain its licenses as part of the settlements, and expects no impact on its operational or business capabilities to serve the vast majority of its clients. During 2015, the activities of the perimeter concerned will clear US dollars through a third party bank instead of clearing through BNP Paribas New York and all necessary measures are being taken to ensure smooth transition and no material impact for the clients concerned. BNP Paribas notes that part of the Group's USD clearing is already done today through third party banks.</i></p> <p><i>Based on its estimates, BNP Paribas expects its fully loaded Basel III CET1 ratio as at 30 June 2014 to be at around 10%, consistent with the Group's targets announced within its 2014-2016 business development plan. This estimate takes into account in particular solid underlying second quarter net results and pro rata temporis the current intention of the bank to adapt its dividend for 2014 to a level equal to that of 2013 (1.50 euros per share).</i></p> <p><i>In advance of the settlement, the bank designed new robust compliance and control procedures. Many of these are already in force and are working effectively, and involve important changes to the Group's procedures. Specifically:</i></p> <ul style="list-style-type: none"> <i>• a new department called Group Financial Security US, part of the Group Compliance function,</i>

		<p><i>will be headquartered in New York and will ensure that BNP Paribas complies globally with US regulation related to international sanctions and embargoes.</i></p> <ul style="list-style-type: none"> <i>all USD flows for the entire BNP Paribas Group will be ultimately processed and controlled via the branch in New York.</i> <p><i>As a result of BNP Paribas' internal review, a number of managers and employees from relevant Jean-Laurent Bonnafe, CEO of BNP Paribas, said: "We deeply regret the past misconduct that led to this settlement. The failures that have come to light in the course of this investigation run contrary to the principles on which BNP Paribas has always sought to operate. We have announced today a comprehensive plan to strengthen our internal controls and processes, in ongoing close coordination with the US authorities and our home regulator to ensure that we do not fall below the high standards of responsible conduct we expect from everyone associated with BNP Paribas".</i></p> <p><i>"Having this matter resolved is an important step forward for us. Apart from the impact of the fine, BNP Paribas will once again post solid results this quarter and we want to thank our clients, employees, shareholders and investors for their support throughout this difficult time".</i></p> <p><i>"The Group remains focused on implementing its 2014-2016 business development plan. We confirm our ambition to meet the targets of this plan announced in March this year. In particular, North America remains a strategic market for the Group where we plan to further develop our retail, investment solutions and corporate & investment banking franchise over the coming years".</i></p> <p><i>"BNP Paribas is a client-centric bank and we will continue to work every single day to earn the trust and respect of all our stakeholders in service of our clients and the economy".</i></p> <p>Following the settlement, the Bank expects its banking licenses to be maintained where it operates (although this settlement could provide the basis for a regulator to rescind a license), and has received confirmations or assurances in this regard from its principal regulators. The Bank expects that the settlement will have no impact on its operational or business capabilities to serve the vast majority of its clients. There can be no assurance, however, that unanticipated collateral consequences of the settlement will not adversely affect its business. Such unanticipated collateral consequences include the possibility that clients, counter-parties and other persons or entities with whom the Bank does business may choose to limit their future business with the Bank. It also includes for some limited activities, in particular in the United States, the possibility that an authority may refuse to grant the Bank a waiver needed to pursue a specific activity, or may withdraw an authorization to conduct a specific activity. Similarly, the Bank cannot be certain that the suspension of U.S. dollar clearing in respect of certain of its business lines will not lead to a loss of business. <i>business areas have been sanctioned, a number of whom have left the Group.</i></p> <p>There has been no significant change in the financial or trading position of BP2F since 31 December 2013 and there has been no material adverse change in the prospects of BP2F since 31 December 2013.</p>

		<p>Laws and regulations applicable to financial institutions that have an impact on BNPPF have significantly evolved in the wake of the global financial crisis. The measures that have been proposed and/or adopted in recent years include more stringent capital and liquidity requirements (particularly for large global banking groups such as the BNP Paribas Group), taxes on financial transactions, restrictions and taxes on employee compensation, limits on the types of activities that commercial banks can undertake and ring-fencing or even prohibition of certain activities considered as speculative within separate subsidiaries, restrictions on certain types of financial products, increased internal control and reporting requirements, more stringent conduct of business rules, mandatory clearing and reporting of derivative transactions, requirements to mitigate risks in relation to over-the-counter derivative transactions and the creation of new and strengthened regulatory bodies. The measures that were recently adopted, or in some cases proposed and still under discussion, that have or are likely to affect BNPPF, include in particular the EU Directive and Regulation on prudential requirements “CRD IV” dated 26 June 2013 and many of whose provisions have been applicable since 1 January 2014; the proposals of technical regulatory and execution rules relating to the Directive and Regulation CRD IV published by the EBA; the Belgian banking Law; the public consultation for the reform of the structure of the EU banking sector of 2013 and the European Commission’s proposed regulation on structural measures designed to improve the strength of EU credit institutions of 29 January 2014; the proposal for a regulation on indices used as benchmarks in financial instruments and financial contracts; the European single supervisory mechanism; the European proposal for a single resolution mechanism and the proposal for a European Directive on bank recovery and resolution; the final rule for the regulation of foreign banks imposing certain liquidity, capital and other prudential requirements adopted by the U.S. Federal Reserve; the proposal of the U.S. Federal Reserve relating to liquidity ratios of large banks; and the “Volcker” Rule imposing certain restrictions on investments in or sponsorship of hedge funds and private equity funds and proprietary trading activities (of U.S. banks and to some extent non-U.S. banks) that was recently adopted by the U.S. regulatory authorities. Section D – Risks

Element	Title	
D.2	Key risks regarding the Issuer and the Guarantor	<p>There are certain factors that may affect the Issuer's ability to fulfil its obligations under the Securities issued under the Programme and the Guarantor's obligations under the Guarantee.</p> <p>The following is a summary of some of the additional investment considerations relating to the business of BP2F:</p> <p>(a) The primary credit protection for Securities issued by BP2F will derive from the guarantees given by BNPPF.</p> <p>(b) BP2F's ability to perform its obligations in respect of the structured return on structured securities may depend on the ability of its hedging counterparties to meet their obligations under any hedge.</p> <p>(c) BP2F's ability to make payments under the Securities may depend on the operating performance of those companies to which the proceeds of the Securities are lent.</p> <p>(d) The financial condition of the operating companies to which the proceeds of the Notes are lent may deteriorate and this may affect BP2F's ability to make payments under the Securities which it issues.</p> <p>(e) During deteriorating or challenging economic conditions BP2F may find it difficult to raise further finance.</p> <p>(f) Transfer pricing tax rules in Luxembourg generate additional costs, which may vary from time to time.</p>

Element	Title	
		<p>The following is a summary of some of the investment considerations relating to the business of BNPPF:</p> <ul style="list-style-type: none"> (a) Difficult market and economic conditions including, without limitation, concerns regarding the ability of certain countries in the eurozone to refinance their debt obligations, could in the future have a material adverse effect on the operating environment for financial institutions and hence on BNPPF's financial condition, results of operations and cost of risk. (b) Legislative action and regulatory measures taken in response to the global financial crisis may materially impact BNPPF and the financial and economic environment in which it operates. (c) BNPPF's access to and cost of funding could be adversely affected by a further deterioration of the euro zone sovereign debt crisis, worsening economic conditions, a ratings downgrade or other factors. (d) The soundness and conduct of other financial institutions and market participants could adversely affect BNPPF. (e) BNPPF may incur significant losses on its trading and investment activities due to market fluctuations and volatility. (f) A substantial increase in new provisions or a shortfall in the level of previously recorded provisions could adversely affect BNPPF's results of operations and financial condition. (g) BNPPF may generate lower revenues from brokerage and other commission and fee-based businesses during market downturns. (h) BNPPF's hedging strategies may not prevent losses. (i) Significant interest rate changes could adversely affect BNPPF's revenues or profitability. (j) Protracted market declines can reduce liquidity in the markets, making it harder to sell assets and possibly leading to material losses. (k) Notwithstanding BNPPF's risk management policies, procedures and methods, it could still be exposed to unidentified or unanticipated risks, which could lead to material losses. (l) While each of BNPPF's businesses manages its operational risks, these risks remain an inherent part of all of BNPPF's businesses. (m) BNPPF has significant counterparty risk exposure and exposure to systemic risks. (n) BNPPF's competitive position could be harmed if its reputation is damaged.

Element	Title	
		<ul style="list-style-type: none"> (o) An interruption in or a breach of BNPPF's information systems may result in lost business and other losses. (q) Uncertainty linked to fair value accounting and use of estimates. (r) Risks and uncertainties connected to the integration and optimization of the operations of BNPPF following its acquisition by BNP Paribas. (t) Unforeseen external events can interrupt BNPPF's operations and cause substantial losses and additional costs. (u) BNPPF is subject to extensive and evolving regulatory regimes in the countries and regions in which it operates. (v) Intense competition in the financial services industry could adversely affect BNPPF revenues and profitability.

Risk factors in relation to Underlying Reference linked Securities include: exposure to one or more index, adjustment events and market disruption or failure to open of an exchange which may have an adverse effect on the value and liquidity of the Securities</p>
D.6	Risk warning	<p>See Element D.3 above.</p> <p>In the event of the insolvency of the Issuer or if it is otherwise unable or unwilling to repay the Securities when repayment falls due, an investor may lose all or part of his investment in the Securities.</p>
